Dear Dan,

Student Number: 201594650

Mit Circs Ref: MitCirc118200

Following your application, this is to confirm that you have been granted an extension on your coursework as follows:

Module Code: MECH3465

Module Title: Robotics and Machine Intelligence

Assessment Component: Coursework - Machine Learning. Computing model and written report

Original deadline date: 16/01/2025

New submission date (as per your original request): 30/01/2025

Please be mindful of the impact this extension may have on your other assessment deadlines. Please also be aware that any feedback may also be delayed due to the extension that has been granted. The time of submission remains the same as the original deadline. Please check with the teaching school if you are unsure of this.

Yours sincerely,

Mechanical Engineering
